

Who We Are

The Las Cruces Home Builders Association has been the voice of the building industry in Southern New Mexico since 1959, and our industry has undergone immense change over the years.

When we began we had 12 members who were committed to promoting professionalism in our industry, advocating for a balanced economy in Southern New Mexico, and providing educational opportunities about our industry for our community.

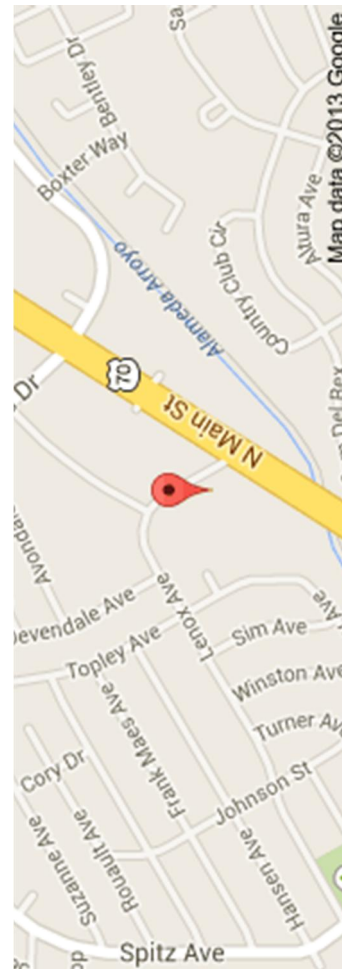

Today we have more than 300 Builder Members, Associate Members, Affiliates, and Industry Supporters who are working on behalf of the LCHBA to make sure that our mission remains intact.
